

# Tangles Hair Salon

Easton, PA

Salon & Spa

**BUCKL**  
ARCHITECTS

*"...Luxurious décor, architectural details, and client-oriented design make Tangles an easily recognizable place to de-stress "*

Formerly housing the Easton water-authority office, interior and exterior renovations for the Tangles Hair Salon & Day Spa make it one of the most highly-technical and accommodating days spa's in the area.

The carefully arranged counterparts of this full-service, 3,000 s.f. salon & spa include treatment rooms, styling & cutting areas, nails & pedicure room, waxing, facial & massage rooms with integrated heated floors, client lounge & juice bar.

Luxurious décor, architectural details, and client-oriented design make Tangles an easily recognizable place to de-stress and make revisiting highly desirable.

Services also included parking layout and signage articulation.
